

TOBACCO CLERK IS SMOKING UP

Arthur L. Norris, of Main Street, Willing to Tell the World Peppen Is Good.

Ask any cigar store man and he will tell you that it is just as necessary for the man behind the counter in a cigar store to be in good physical trim as it is for men in any other line of work.

It's no cinch to be behind a counter all day running to and fro to give tobacco users their favorite brand as soon as they ask for it. And to do it smilingly and with a ready joke for the customer who wants to josh a bit while making his purchase. When a man is out of sorts, however, it is not that positively a real hardship, and the same is true of most any other job.

Ask Arthur L. Norris, Jr., clerk at Patrick & Company's cigar stand, corner Union and Main streets, and he will tell you that it makes a whole lot of difference to be on his job when disordered kidneys are causing trouble and when the physical system is tuned up right. Ask him and he will tell you that it makes a big difference after a man in that condition gets Peppen to help him out. Here is the statement he makes:

"My kidneys had not been in good condition for several years. I would often suffer with pain in my back as the result of them. Frequently I would have these pains when I got up in the morning. Then at times they would become unusually severe and when I stooped over it felt just as if someone was sticking a knife into me. My back didn't feel right at all.

"I read about Peppen in the local newspapers and decided to give it a whirl. I want to say that I am feeling decidedly better since I have been taking it. My kidneys are now in normal condition and my back doesn't hurt like it did before.

"I can recommend Peppen as a fine remedy for disordered kidneys, as it has certainly given me relief."

Peppen may be obtained from the Weiss Pharmacy, Union and Main streets, Memphis, or from any other leading retail or wholesale drug store.

HEAR GOOD NEWS FROM MOSBY AVE.

Mrs. McConnell Has Advice for Ailing People as Result of Her Experience.

"I believe any one suffering with bad stomach can find relief in Peppen. That has been my experience."

This is the statement of Mrs. Caroline McConnell, of 632 Mosby avenue, Memphis. Mrs. McConnell has lived at this address for 35 years. Her husband has been connected with the Lemmon & Gale Wholesale Dry Goods company for 30 years.

"My stomach had been in very bad condition for about a year," says Mrs. McConnell. "My case was diagnosed as acute indigestion. I suffered very much on account of the formation of gas in my stomach. I was subject to bloating after meals. The gas would often cause heartburn."

"I could not eat anything which contained sweets or acids, without suffering very much afterward."

"I tried many different medicines in the effort to secure relief but none of them seemed to help me at all."

"Peppen has proved to be the exception. It gave me relief almost immediately. The formation of gas is not anything like what it used to be and I am getting better and better along."

"I can now eat foods containing sugar or acids, which I had not been able to do for a year."

"I believe that Peppen is what other sufferers from stomach trouble need and I recommend it to them."

HARBERT AVENUE RESIDENT SPEAKS

Mrs. Harris Declares Peppen Relieved Stomach Trouble That Bothered Her Many Years.

"I have had more or less trouble with my stomach for about 40 years," says Mrs. H. B. Harris in a statement preliminary to detailing the remarkable benefit she has derived from the famous remedy, Peppen.

Mrs. Harris lives at 2152 Harbert avenue and has been a life-long resident of Memphis.

"My case was what is generally known as nervous indigestion," she says. "I had attacks of stomach trouble which would make me so weak I would have to remain in bed for several days at a time."

"I have always had to be very careful as to what I ate on account of the condition of my stomach. I never ate much for supper because that would affect my sleep at night. As might be expected, I was nervous."

"I have tried many other treatments but nothing helped me much until I got Peppen."

"Peppen has made me feel very much better. It doesn't bother me at all to eat heartily now. In fact I have a pretty good appetite. Neither do I feel so weak and nervous as before. I feel much stronger in every way."

"Peppen has given me much relief already and I firmly believe that it will be permanent."

NATURE OFFERS OILS AND JUICES OF PLANTS

Nobody has ever improved Nature—ever made brighter leaves or sweeter flowers than grow in the wilds of the tropics. In Peppen Nature offers the oils and juice of plants undisturbed by alcohol or strong chemicals. Simply preserved in a rich, palatable syrup. For every ill that is inflicted upon mankind nature furnishes an antidote. It only remains for mortals to seek and they shall find. Try Peppen for stomach, kidney and liver ills. It has relieved others. Why not you?

"MY FOOD TASTES GOOD TO ME NOW"

That's What Otto Reimshagen of Memphis Says in a Statement Praising Peppen.

Otto Reimshagen, of 364 North Second street, is a hard worker who knows what it means to do a hard day's work when in poor shape and the difference when in real good trim. He has been experiencing the latter of late, thanks to Peppen, according to the statement he makes:

Mr. Reimshagen has always lived in Memphis. He has had kidney trouble for a number of years. He felt very badly at times, but he kept plugging away at his work. He would finish the day's tasks feeling wretched. Now he says he can finish up a day of even harder work feeling fine. Following is his statement:

"My kidneys have been giving me trouble for several years. My back hurt me very much. I have worked many a day when my back was causing agony nearly every time I moved. I didn't feel like I was able to do a day's work when I got up. I just seemed tired out all the time. My appetite was poor and nothing tasted good to me."

"I had a burning sensation in my stomach and sometimes it felt just as if a large lump had formed there."

"I had been in badly run-down condition for several weeks when I got Peppen. It helped me as soon as I began taking it. My back doesn't hurt me like it did before. My appetite is much improved and my food tastes good to me now. I don't feel so tired and worn out. I can now do a good day's work and feel good afterward."

"I can honestly recommend Peppen as a great kidney medicine and system builder."

Peppen may be obtained from the Weiss Pharmacy, Union and Main streets, Memphis, or from any other leading retail or wholesale drug store.

BUTTERMILK NOT ENOUGH FOR HER

Mrs. Clouston, of Michigan St., Declares She Has Appetite for Regular Meals Now.

"My appetite used to be so poor that at times I would only drink a glass of buttermilk for a meal. Now I have a regular appetite."

In this respect, as well as others, Mrs. Mattie Clouston says that she has derived great benefit from Peppen, and has given a statement commending the remedy for others. Mrs. Clouston has been a resident of Memphis all her life and lives at 812 Michigan street.

"My kidneys had been in bad condition for about a year," she says. "I had also been having attacks of rheumatism for about the same length of time. My back pained me very much just across the hips. Some days I could hardly get around. My hips and right limb would become very much swollen. When this occurred I could scarcely walk."

"My appetite was very poor. I was very nervous, and on this account could not get sound sleep at night."

"I am glad I decided to try Peppen after reading testimonials about it in the Memphis papers. It has done me a world of good. The pains in my back have been relieved. My kidneys are in normal condition. The swelling in my hips and right limb is all gone. My appetite is decidedly stronger. I have been sleeping better than I had previously in years."

"Peppen has given me much relief from my suffering and I want to recommend it to anyone who is in the condition in which I was."

1,000 HOMELESS IN MERIDIAN HIGH RISING FLOOD

Traffic on Six Railroads Is Cut Off Because of Rains That Continue to Fall—All Lines Are Out.

MERIDIAN, Miss., Dec. 10.—One thousand people were homeless and train service on six railroads was indefinitely suspended here Monday night because of a flood from swollen streams at the south of the city. One person, a negro, is thought to have lost his life. The damage is estimated in hundreds of thousands of dollars. With the exception of Mobile & Ohio trains running to and from the north, Meridian was cut off from the outside world following the 48-hour rainfall which reached 16.10 inches.

The small valleys to the south are completely flooded and the residents, mostly negroes, had to flee to higher ground. Several manufacturing plants are in these valleys. The railroad tracks are under water for miles and it is estimated that the flood will not recede within less than three days. Several washouts on railroads have been reported.

The unverified report of loss of life was that of Milton Jones, negro, who was said to have been swept away by the water while attempting to rescue a negroes marooned in her house. Eighty water from the small streams has flooded the tracks of three railroad lines to Hattiesburg and caused the suspension of railroad traffic on them following the heavy rainfall of the last 24 hours.

Railroad service was being restored this morning with large gangs repairing washouts caused from a 10-inch 48-hour rainfall. Since Sunday South-western creek, which overflowed the lowlands in the southern portion of the city and crippled many factories, is subsiding somewhat.

HALL OF FAME FOR TREES IS PLANNED

WASHINGTON, Dec. 10.—A "Hall of Fame for Trees" has been inaugurated by the American Forestry association for the recognition of famous trees and the location of the largest shade tree in the United States.

An elm at Huntington, Ind., long has been regarded as the largest shade tree in the country. This claim of course excludes the Redwoods of California. Now comes Dumont Kennedy, of Crawfordville, Ind., with a picture of a tree on his property and the suggestion that it is larger than the tree at Huntington. This tree has a spread of 92 feet while the Huntington Elm has a spread of only 75 feet. A tree at Framingham, Mass., also makes claim to being the largest.

Charles Lathrop Pack, president of the American Forestry association, says: "We want a complete list of famous trees now. There is the Liberty tree, on the campus of St. John's college, at Annapolis, under which a treaty with the Indians was signed in 1652. The experts tell us this tree is close to 800 years old. We all know of the William Penn treaty tree beneath which Washington took command of the continental army. At Oberlin, O., is the elm on the corner of the campus under which was the first log house in which Oberlin college was founded. The American Forestry association has listed many famous trees but it wants the list complete. If there is a famous tree in your town the association wants to know about it."

Corinth now furnishes GOVERNOR OF STATE

CORINTH, Miss., Dec. 10. (Sp.)—Dr. Kendrick, state senator from this county, president pro tempore of the senate and at present acting governor in the absence of Gov. Bilbo and Lieut. Gov. Russell from the state is the first governor Alcorn county ever furnished the state.

John M. Stone, who was twice governor, was at one time a prominent business man of this city, but at the time of his election was a resident of Tuscaloosa county and had been for several years after his residence here.

Acting Gov. Kendrick has been a member of the state senate and served a term in the lower house before being chosen a member of the former body.

From the time he first entered the law-making department of the state was recognized as a man of exceptional ability. He was defeated in the primaries for re-election last summer, and his friends throughout the district and this section of the state, are delighted that he is rounding out a most enviable record in connection with the state's history as its chief executive.

MICHIGAN PLANTS ARE FACING SERIOUS CRISIS

DETROIT, Dec. 10.—Michigan manufacturers were today facing a more serious crisis than the temporary shutdown, according to reports reaching Regional Fuel Administrator Findlay, who has been ordered to investigate the situation in order to increase coal allotments in order that the plants may continue part time operations and thus preserve the expertise of skilled workers who were said to be planning to take employment in "more favored" states.

Cleveland and Toledo were mentioned by the employers as cities where industries had been less seriously interrupted with no charges of discrimination by the officials were heard.

The fuel administrator held out hopes of a modification in the regulations that have forced shutting of 200,000 into idleness.

Join Bry's Christmas Sewing Machine club. It pays.

CLAIM U. S. WILL KEEP HANDS OFF IN RUSSIA

HONOLULU, Dec. 10. (By the Associated Press.)—The United States government has notified Japan that America has adopted the "hands off" policy in Siberia and will send no further reinforcements to the Khabarovsk force, according to a Tokyo cable published here by the Nippon Jiji, a local Japanese newspaper.

Reports have been received from Irkutsk, the cablegram continued, that the American force is withdrawing from the commission under John F. Stevens are leaving their posts.

PADUCAH LOSES EIGHT OF SIXTEEN TRAINS

PADUCAH, Ky., Dec. 10. (Sp.)—Eight of the 16 passenger trains operating in and out of Paducah will be cut off the railroad schedule in accordance with administrative orders co-operating with the regional committee for fuel conservation. Announcement of schedule changes were made today by railroad officials.

Pneumonia often follows a Neglected Cold KILL THE COLD!

HILL'S CASCARA QUININE BROMIDE

Standard cold remedy for 25 years in tablet form—safe, sure, no opiates—breaks up a cold in 24 hours—relieves grip in 3 days.

None back if it fails. Genuine box has a Red top with Mr. Hill's name on it.
